 Include “EYAS PO” in the subject line.

EYAS

Single View
 55° FOV
 Mid-Resolution
 Thermal 160 X 120
 Visual 1920 X 1080

Purchase ¹ <i>Ask about volume discounts</i>			Rental			On-Site Set-Up Support ³ & Operations and Maintenance Training \$1100/day as needed ⁴ + Travel & Per Diem
EYAS Visual & Thermal Cameras and Controller On your LAN. or On Cell Network	Monthly Subscriptions ²		Week to Week	Monthly for 12 Months	Monthly for 24 Months	
	Data Visualization, Archive, Alerts & Indices ²	If on Your LAN Network				
Due to inflation and the uncertainty of our vendors’ pricing for components our prices are being determined on a case-by case basis.						
Operational Support and Special Studies					Ask for a Quote based on tasking + travel and perdiem (if needed)	

1. For Sales outside the USA, customs duties and all taxes and fees are the responsibility of the purchasing agent.
2. Subscriptions fit your implementation and your data collection and storage needs. International rates may apply.
If EYAS is connected via LAN the Mobile (cell) Network isn’t needed.
3. We recommend installation of weather station in proximity to site. We can recommend a good low cost WX Sta.
4. System Installation and Start-Up Training - based on scope as needed
