# Hawk-Eye™ Systems Prices for Sale and Rent in the USA Spring 2020

## Coming May 2020

Experiencing long lead times due to backlog on thermal cores

		<b>Purchase</b>		<b>Rental</b>			<b>Set-Up Support<sup>3</sup> &amp; Operations and Maintenance Training</b>  <b>\$800/day as needed<sup>4</sup></b>  <b>+ Travel &amp; Per Diem</b>	
		<b>Camera Set<sup>1</sup></b>  Controller, Router, TELCOM SIM, & System Registration	<b>Monthly Subscriptions<sup>2</sup></b>		Week to Week	Monthly for 12 Months		Monthly for 24 Months
			Data Visualization, Archive, Alerts & Indices	Mobile Network <sup>2</sup>				
<b>Single View</b>  	<b>Single View Mid-Resolution</b>	Under \$2,100  When purchased at  <a href="https://www.oemcameras.com/evas.htm">https://www.oemcameras.com/evas.htm</a>	\$60	\$25	\$ 170	\$ 340 + \$ 400 Down Payment	\$ 260 + \$ 400 Down Payment	

<b>Special Studies, Image and Data Analysis and Interpretation Support</b>	<b>Ask for a Quote</b> based on tasking + travel and per diem (if needed)
--	---

1. Different fields of view and System designs are available to meet any need
2. Subscriptions fit your implementation and your data collection and storage needs. International rates may apply.
3. We recommend installation of weather station in proximity to site. We can recommend good low cost WX Sta.
4. System Installation and Start-Up Training - based on scope as needed

There are no boundaries when enthusiasm and excitement are applied to the task at hand.
